for a day On the other hand no great good
can result from a visit by the H^opl Asst
to a station once a week. To places like
Balchammur & Nivle and other places which
are visited by the H^opl Asst of adjoining
dispensaries once a week, I would appoint a
native Pandit or H^okuir who has obtained
a certificate from the Head ^{of the} Indigenous
dispensary at Mysore and pay him Rs 10/00
pay and Rs 2 or so for cost of medicines, if
this proposal has to be placed before Council
please draw up a Scheme for strengthening
the staff at ~~xxxx~~ Mysore, provide for
proper instruction and examination of Pandits
and H^okuirs and for employing them in outlying
stations where English dispensaries cannot
be provided without entailing undue cost on
the State.

X. (In the case of
H^opl Asst at Seligam
for visiting the
Nivle village)

In the present case, the Contingency allowance
may be sanctioned."

Saniknit College, ^{then} its cost &c and the
~~possibility~~ ^{feasibility} of developing the ^{the} institutions
into a regular Central College of Hindu
medicine with classes for anatomy &
surgery, and museum & grounds for
growing the medicinal herbs &c

There can, perhaps, be no difference
of opinion as to the necessity and useful-
ness of provision being made for medical
aid in villages far off from dispensaries.
In ^xSubject no 217 of the Representative Assembly
Proceedings of 1905, it was suggested that
native Physicians trained in recognized insti-
tutions such as the Indigenous Hospital at
Mysore ^{might} ~~may~~ be appointed at places far off
from dispensaries. Again, in R. A. Subject
no: 244 of 1906, the establishment of schools
for teaching Ayurvedic medicine ~~was~~ in each
district and the appointment of passed candi-
dates as Pandits in big villages were
suggested. ~~Even~~ The Senior Surgeon has
also pointed ^{out} ~~to~~ the necessity of medical aid
in villages and proposed the establishment
of branch dispensaries in villages selected
by the Deputy Commrs of districts ^{vide his letter}
^{no 2087/15.9.06}
So far back as 1892 Govt sanctioned
the establishment of an indigenous Hospital

Serial
 No.

at Mysore as an experimental measure
 in view to test the efficacy of the native
 System of treatment and in their order no
 D 4-5 of 7.10.1893, they observed that
 the L. 779-92
 the Indigenious Hospital at Mysore more
 than fulfilled the expectations of Govt both
 in regard to popularity and cheapness of
 treatment. Increases of the cost of
 establish^t to have been sanctioned to the
 Hospital from time to time. In the year
 1897 Govt sanctioned the proposal of the
 President of the Mysore Dist Board to
 train in native medical treatment ^{in the Indigenious Hospital at Mysore,} 7 students
 of whom ⁶ had passed the Lower Secondary examⁿ
 in English, for a period of 3 years and Scholar-
 ships at the marginally noted rates were
 also sanctioned to each of the students. Vide
 G.O no 13699-707 of 25.6.1897. Provisions
 L. 7 344-96
 has also been made for instruction in the
 Ayur Vedic system of medicine, in the Maharaja's
 Sanskrit College, Mysore and certificates of
 proficiency are awarded to the successful
 candidates in the Annual Vidya⁸ examⁿ.
 To know Of the 7 students that were
 trained in the Indigenious Hospital at
 Mysore, 5 are stated to have been employed
 one ~~dead~~ & the remaining one (Mahamedan)

1st year - Rs 6/month
 2^d " Rs 7/ "
 3^d " Rs 8/ "
 X

Serial
No.

~~is~~ unemployed Of the 6 Students who
Completed their Course of Studies in the
Sanskrit College at Mysore, ^{3 who} ~~3 have~~
~~stated to have~~ obtained certificates of
proficiency ^{by the Secy of the college Committee} are reported to be practising
privately

It will thus be seen that provision for
instruction ^{in Ayurvedic treatment} has already been made by Govt
and the demand for Vaidyasalas ~~existing~~
has also been met by the establishment
of certain ~~Vaidyasalas~~ Vaidyasalas sanctioned
in certain villages such as Grama, Harshala
(Hassan dist), Kobi halli (Bangalore dist)
The ~~Sanctioned~~ establishment charges for the
Indigenous Hospital at Mysore amount
to Rs 2840 of which $\frac{1}{3}$ i.e. Rs 980 is debited
to the Mysore city municipality + $\frac{2}{3}$ i.e. Rs 1860 to the
L. F. Fund. An expenditure of Rs ~~13246~~ ^{on account of a Vaidya teacher at Rs 18 per annum}
per annum has been sanctioned for the
Sanskrit College, Mysore, (vide G.O no 5772-5
of 12.6.1906)

In connection with the question of
developing the Indigenous Hospital & the
Ayurvedic classes into a regular Central
Hindu College of medicine, the following
facts are submitted:—

(1) The Senior Surgeon's proposal to open branch

Serial
No.

dispensaries in each Taluk ~~has~~ has been referred for the opinions of the several Dist Board and according to the lists submitted by the Presidents till now, ~~approximately~~ nearly 100 such dispensaries will have to be opened, & according to the view expressed by the Dewan, ~~two~~ Vaidyasalas will have to be established ^{in these places} and students will have to be trained for appointment as Pandits or Hakim.

U

(2) R. A. Direct no 244 of 1906 having been referred to the Secy to Govt in the Muzrai Dept for disposal. ^{the question of} ~~arrangement of~~ establishment of Ayurvedic classes ~~has~~ has been referred to the Maharajah Sanskrit ~~Study~~ Committee for their resolution on the subject and a scheme in furtherance of the suggestion made in ~~the~~ R. A. Direct no 244 will be drawn up by the Muzrai Secy on receipt of the recommendations of the College Committee. The passing of orders on the scheme in the Muzrai Secretariat may be awaited.

(3) The offg Senior Surgeon in his letter no 397 of $\frac{10}{12}$. 11.06 has reported that the ~~system~~ ~~of~~ subjects prescribed for the course of instruction to students in the Indigenous Hospital are fairly comprehensive and if mastered should qualify them to practice the Hindu system.

Serial
No.

of medication. The ^{Mr} Senior Surgeon also
Concurred with the Pandit in charge of the Hospital
in thinking that the Students seeking ad-
mission to the Indigenious Hosp^l for training
must have passed the Lower Secondary
Examⁿ in English & should have studied
up to the Standard of Champood in Sanscrit.
It is a question whether Students possessing
these qualifications will be available
for training & if so whether the ^{necessary training may be given} Indigenious
Hospital with its ^{present} establishment, to the
required number of Students so as to
provide Pandits or Hakeems to all the
places in which Vaidyasalas may be
opened. ^{the object of a museum for growing herbs} On this point ^{is also} a definite
proposal, may, if approved, be called for
from the President of the Mysore City
Municipality in Consultation with the
Senior Surgeon.

4. As to the proposal to open a museum
& allot ~~ground~~ ground for growing
medicinal herbs &c, it is submitted that
a piece of ground ^{in the curzon Park at Mysore} was ordered to be given
over to Krishnajiappai of the Nithila
Vaidyasala at ~~Mysore~~ Mysore
for growing herbs &c and that subsequently
however it was considered that the

Consisting of

1. Pandit
2. Compounders
1. Pharm
1. Hakeem
1. Hakeem
4 coolies -

Serial
No.

Land in the Curzon Park could not be
~~allotted~~ allotted for the purpose.
Another piece of land near the temple
is stated to have been offered by the
Super of Govt Gardens in Mysore, to
Krishnajiappa in exchange for the
land originally granted to him in the
Curzon Park. (Please see file no
194-05 801406). It is not known whether
the land near the temple was taken up
by Krishnajiappa & whether any trees
are being grown thereon.

As proposed in
26.4.07. Connection with the revised
24 Course of Study of Vydyashastam
submitted by the Secretary of
the Sanskrit College Committee
conferencing with the Inspector
General of Education (Vide office
note in the linked file no 85-06)
the views of the Dewan may
be communicated to that official
and he may be asked to submit
in consultation with the Secretary
of the Committee and the Head
of the Indragiri Hospital at
Mysore proposals for the formation

The file is P

3 From the Inspector General of Education in
my report Letter no $\frac{8810}{746}$ of 25.5.07
States with preference to S. no 1 that he has
~~also~~ expressed in his letter no $\frac{8567}{723}$ of
16.5.07 his views on the subject of licensing
as medical Practitioners, Pandits trained
in the Ayurvedic System.

Mr. Bhabha in his letter of the 16th
May '07 in the linked file strongly de-
precates the employment of native
Pandits as medical Practitioners
without an examination by a qualified

ground that it tends to legalize quackery
and discredit the modern Scientific
European System of medicine. Mr. Bhabha
observes of the Govt order of 13th May '07

in this file

Nov
26/07

[As however I read the papers
I may perhaps take the liberty of pointing
out that it may not be fair to trouble the
Senior Surgeon in this matter who must
in the name of things be opposed to the mea-
sure under discussion. Greater reliance
has to be placed on the scheme maturing
in the Murray Dept for improving the in-
struction & letters of qualifications in
the Sanskrit Dept. Another point to which
I may write attention is the fact that
these Ayurvedic practitioners are intended
to supplement & not in any sense to
supplant the ~~existing~~ ^{practising} of Europe ~~medicine~~
systems of medicine.]

OFFICE OF INSPECTOR-GENERAL OF EDUCATION IN MYSORE,
Camp, ~~Bangalore~~, Nandidurg, 25. May 1907

From

H. J. BHABHA, Esq. M. A.,
Inspector-General of Education in Mysore.

To

K. S. Chandrasekhara Aiyar Esq., B. A., B. L.,
Secretary to the Government of H. H. the Maharaja
of Mysore, General and Revenue Departments, Bangalore.

SIR,

With reference to Government Order No. 10590-602 / Med 297-06-1^x
dated 13 May 1907, I have the honour to inform you that I have stated
my views on the subject of licensing as Medical Practitioners Pandits
trained in the Ayurvedic System in my letter No. $\frac{8567}{723}$ dated 16.5.07.

I have the honour to be,

Sir,

Your most obedient servant,

H. J. Bhabha
Inspector General.
